## **Haynes Mill Community News and Updates**

### **Congratulations 2024 Graduates**

The Haynes Mill HOA congratulates all our community's 2024 graduates!

### **Welcome to the neighborhood!**

We would like to welcome our newest neighbor, Lanre Ajala, to Haynes Mill. Lanre resides at 4200. Stop by and say 'Hello'.

### **Retention pond work**

Tree removal and other retention pond maintenance will begin soon. Once the dates are finalized, we will let everyone know.

### **Fireworks**

Reminder, Cobb County has laws regarding fireworks. [Click here](#) or go to <https://www.cobbcounty.org/communications/news/fireworks-ordinances-cobb-county> for more information.

### **On-street parking**

We continue to have challenges with improper street parking. There was a collision recently in the cul-de-sac, due to a vehicle trying to get around two cars parked on either side of the road, blocking passage.

#### **Rule highlights:**

- A vehicle must be 15 feet bumper-to-bumper from another vehicle when parked on the street.
- No street parking in the cul-de-sac. Emergency vehicles need to be able to turn around.
- Do not park on the street within 100 feet of the subdivision's entrance. It makes it dangerous to pull into or out of the subdivision.
- You must park in the direction of traffic.
- Driveways are not to be blocked for any reason. This includes across the street. Residents have raised issues backing out of their driveways because of a car across from them.

- Also, mailboxes or fire hydrants must not be blocked. For vehicles parked on the street, their bumpers must be 10 feet from mailboxes or fire hydrants.
- No RVs, trailers, boats, commercial vehicles, etc. can be parked on the street.

For complete information, visit the Haynes Mill Website - [Haynes Mill Covenants and By-Laws](#).

## Other...

### Connect Acworth: Help the Acworth Police Department with video recordings.

Residents within the city can voluntarily register their personal camera systems with the Acworth Police Department. This collaboration will make it easier for our police department to request video recordings from participating members when investigating crimes in the area.

[Click here](#) for more information.
